

PRESCHOOLS OF CENTRAL TEXAS

What is a Preschool?

As the name implies, a preschool is an educational setting available for children not yet old enough to attend kindergarten. Many parents select this childcare option because it is a structured environment with lessons that will ready their children for attending school.

- Preschools typically cater to ages three to five but often accept children who are younger.
- Preschools may be public or private and many will have waiting lists.
- Fees for preschools vary.
- Preschools generally follow a prescribed national curriculum, though many provide alternative learning programs that foster education through experience.
