

HELP SHEET FOR RUNNING "E-UPDATES"

Here are the instructions for running the upgrade:

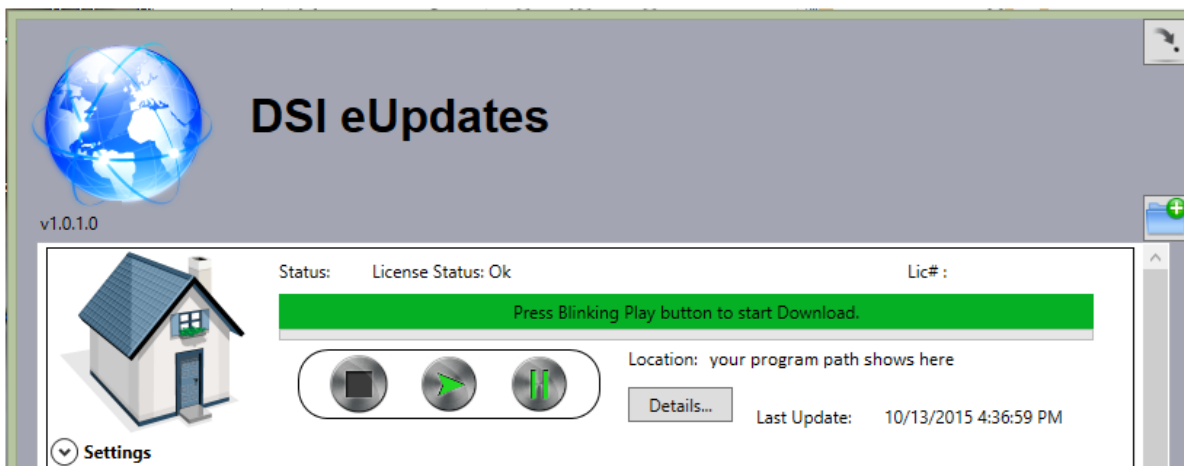

Running the DisplaySoft™ upgrade:

Your computer (or one of the computers if installed on a network) should have a blue world in the lower right corner of the computer - like this:

DisplaySoft auto updater icon

When you double click on the World, you will see this screen:

Press the arrow key  and follow the prompts:

You may see a progress bar and then get the message a 2nd time that says:

Just press the arrow key again and follow the prompts: 

When the upgrade finishes, MINIMIZE the Window .

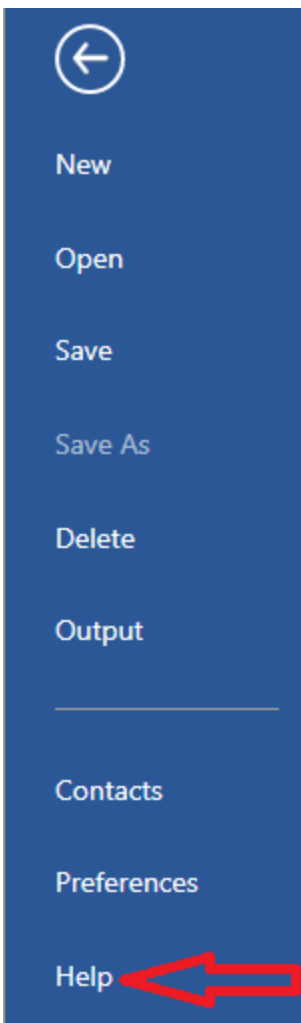

If you don't see the blue world icon:

Run your DisplaySoft™ software.

Click on File in the upper left corner:

Then click on Help at the bottom of the list:

Now click on “Start E-Updates” to reactivate your blue world icon:
