NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

A. Accounting Practices

The financial statements of Alliance Title of America, Inc. are presented on the basis of accounting practices prescribed or permitted by the Florida Department of Insurance (“the Department”). The Department recognizes only statutory accounting practices prescribed or permitted by the State of Florida for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Florida Insurance Law. The National Association of Insurance Commissioners’ (“NAIC”) *Accounting Practices and Procedures* manual, effective January 1, 2001, (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the State of Florida. The state adopted the NAIC SAP without modification or exceptions to the best of the Company’s knowledge or belief.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Cash on Deposit and Short-term Investments - For purposes of the statement of cash flows, statutory accounting principles consider all debt instruments with a maturity of one year or less at the date of purchase to be short-term investments. Short-term investments are stated at cost.

Debt securities (Bonds) – None

Basis of Valuation of Invested Assets – None

Equipment – None

Policy Acquisition Costs – Commissions and other costs of acquiring title insurance are expensed when incurred. The Department promulgates a commission rate of no more than 70% to producing agents.

Insurance Liabilities – The liability for known claim reserves includes amounts determined from loss reports and individual cases. The supplemental reserve is established for incurred but not reported losses. The Company utilizes the findings of an independent actuary. Such liabilities are necessarily based on estimates, and while management believes that the amount is adequate, the ultimate liability may be in excess of or less than the amounts provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed, and any adjustments are reflected in the statutory financial statements in accordance with NAIC SAP.

Reinsurance – Reinsurance premiums, expense reimbursements, and reserves related to reinsured policies are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums ceded to other companies have been reported as a reduction of premium income. Amounts applicable to reinsurance ceded for loss and loss adjustment expense reserves have been reported as reductions of those items.

Recognition of Premium Revenues – Premium revenue is recognized on the effective date of the policy. The Department requires insurers domiciled in Florida to maintain a statutory premium reserve equal to 30 cents per \$1,000 of retained net liability on each title policy. The reserve is amortized over a period of 20 subsequent years using a predefined percentage of amortization for each year.

Income Taxes – Income tax provisions are based on net income reported for statutory accounting purposes. Income taxes vary from statutory rates due to the discounting of the statutory premium reserve.

2. Accounting Changes and Correction of Errors

A. None

B. Initial Implementation of Codification

The Company prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the State of Florida. Effective January 1, 2001, the State of Florida required that insurance companies domiciled in the State of Florida prepare their statutory basis financial statements in accordance with the NAIC *Accounting Practices and Procedures* manual effective January 1, 2000 subject to any deviations prescribed or permitted by the State of Florida insurance commissioner.
