# ATS 8.11.0 Release Notes

---

This document provides a brief explanation of what was fixed and implemented with this release of Advanced Title Search 8.11.0.

**Release Date:** February 24, 2018

## Post-Installation Requirements

On the day of the release, it is *mandatory* that you delete Temporary Internet Files and History prior to logging into ATS. Failure to perform this task will cause functionality issues within ATS, resulting in a work-stoppage situation.

### Deleting Temporary Internet Files and History

(MS Article ID: 260897)

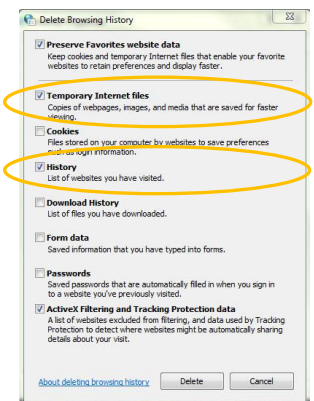

The **Temporary Internet Files** (or cache) folder contains web page content that is stored on your hard disk for quick viewing. This cache permits Internet or MSN® Explorer to download only the content that has changed since you last viewed a web page instead of downloading all the content for the page every time it is displayed.

Administrators can customize Temporary Internet File settings to prevent modifications. Contact your System Administrator if you cannot access the **Internet Options** dialog box or the **General** tab.

### Using Internet Explorer

#### Steps

1. With **Internet Explorer®** open, click the **Tools** icon.
2. Select **Internet Options**. The Internet Properties dialog box displays.
3. On the **General** tab, locate **Browsing history** and click the **Delete** button. The Delete Browsing History dialog box displays.
4. Select **Temporary Internet Files**.
5. Select **Delete**.
6. When complete, click **OK**.

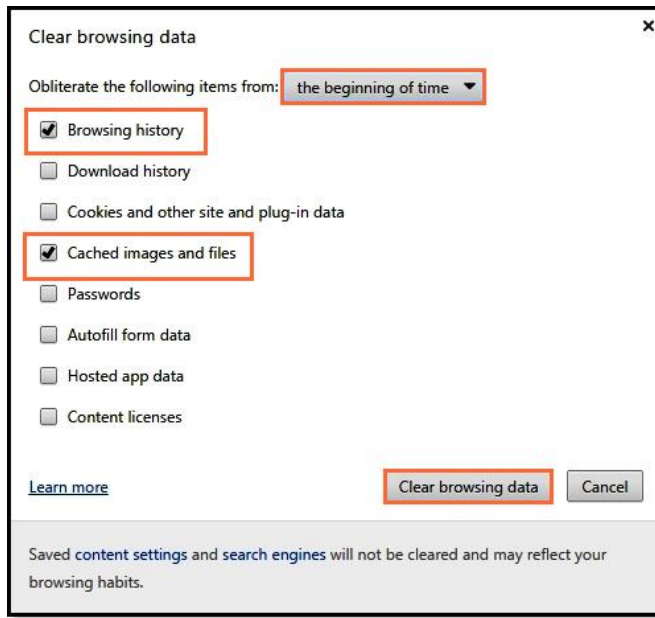

### Using Chrome

If you are using Chrome to access ATS, complete the following steps to deleted Temporary Internet files and history,

#### Steps

1. With **Chrome** open, click the  Customize and Control Google Chrome drop-down list.
2. Choose **History** from the drop-down list.
3. Click **Clear browsing data**.
4. From the **Clear browsing data** pop-up, be sure to select the beginning of time, check **Browsing history** and **Cached images and files**. Click **Clear browsing data** to complete.

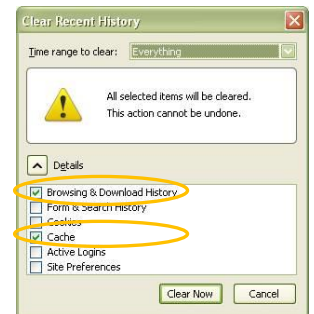

## Using Firefox®

If you are using **Firefox®** to access ATS, complete the following steps to delete Temporary Internet Files and History on the day of the release.

### Steps

1. With the Firefox browser open, click the drop-down menu, move your cursor over History and select **Clear Recent History**; or Click Tools from the toolbar and select **Clear Recent History**.
2. From the **Time range to clear** drop-down, select **Everything**.
3. Select only **Browsing & Download History** and **Cache**.
4. Click **Clear Now**.
5. When the items are cleared, close **all** Firefox browsers, then reopen Firefox.

### Note

Be patient when performing this task, if the **Temporary Internet Files** folder contains a significant amount of web page content, then this process may take several minutes to complete.

# Bookmarks and Shortcuts for ATS

---

We want to take a minute to remind all ATS users that only <https://ats.advantagetitlesearch.com> should be used to access ATS.

If you have any other bookmarks or shortcuts for ATS we ask that delete them from your bookmarks\shortcuts so that only the link above is used.

If you need assistance in making sure you have the correct bookmark\shortcut for ATS please call Customer Care at 855.330.2800, 713.625.2800 or email at [customercare@stewart.com](mailto:customercare@stewart.com).

## Note

---

Logging into ATS via any other means besides <https://ats.advantagetitlesearch.com> will bypass the load balancer and could impact your ability to log into ATS, as well as the load for the ATS servers.

Using only this link will ensure you are directed only to functioning servers as well as balance the number of users on each server. This will help to keep the server speeds functioning at optimal speeds.

# Enhancements

The following items were added to Advanced Title Search 8.11.0:

## ALL Communities

- As a result of changes on the official websites, or the addition of new websites, changes were made in ATS for the following **Parent Sites**:
  - (Site Changes) *TN Williamson YC (City of Fairview), FL Levy AO, IL Cook TR*
  - (New Site) *FL DeSoto AO*
  - (New Site) *FL Nassau AO*
- Documents that have been manually uploaded will now display the **Upload Form** when the description link for that document is clicked.

Prior to release:

DS	DESCRIPTION	DATE	GRANTOR	GRANTEE	TYPE	INSTRUMENT	REMARKS
UP	LIEN Uploaded	12/23/2017	.	.	LIEN Lien	22222	AddCode AddRef [E] [F] Amount \$* AddNote.*
	Other Exc Uploaded						AddCode AddRef [E] [F] Amount \$* AddNote.*
	Other Req Uploaded						AddCode AddRef [E] [F] Amount \$* AddNote.*
	LIEN Uploaded						AddCode AddRef [E] [F] Amount \$* AddNote.*

Post release:

**Upload LIEN document**

Browse your computer to select a file to upload:  
 No file chosen

Add (TIF, PDF, HTML, DOC, RTF, TXT) Max: 100MB one file, 200MB all document files

Or enter the URL of a file on the web:

Instrument: (1)\* Book:  Page:  Instrument No:  22222  OCR

Recorded date:  12/23/2017 Instrument date:

Grants:  Grantees:

Category:  LIEN Subcategory:  Lien

Amount (\$):

Note:

References: Book:  Page:  Instrument No:

(1) At least "Book & Page" or "Instrument No" is mandatory.  
 (1) At least "Browse your computer to select a file to upload" or "Enter the URL of a file on the web" is mandatory.

This will allow the user to make any necessary changes without have to upload the document again.

- **Code Descriptions** (if available) will be displayed when hovering the cursor over the codes on the index:

In the example above, the cursor was placed over the **M2** code, displaying the description for that code.

# Fixes

---

The following items were corrected in Advanced Title Search 8.11.0:

## All Communities

- None

## ST FL Community

- Resolved issue with **Search by Address** and **Account Number** on *FL Lee TR*.
- Resolved issue with the incorrect image being displayed for documents being saved from **PI**.
- Resolved issue with the date range not being limited on the **DG Sectional PI Search**.
- Resolved issue with the *FL AO site* caused by site changes.
- Improved search process on *FL ATI* after conveyance search in automatic.

## ST MO Community

- Improved *MO Platte RO* searches in automatic for legal description searches

## ST CO Community

- ATS is now directly integrated with **Title Search**. The parent site in ATS will now show as **TS2** instead of **TS**.

# Training

---

For more information, visit the [Advanced Title Search Training Center](#). This online library consists of recorded webinars and other useful documentation for you to begin or continue to use Advanced Title Search.
