

SoftPro – Entering Stewart Connect Credentials

Follow the steps below to enter Stewart Connect credentials into SoftPro.

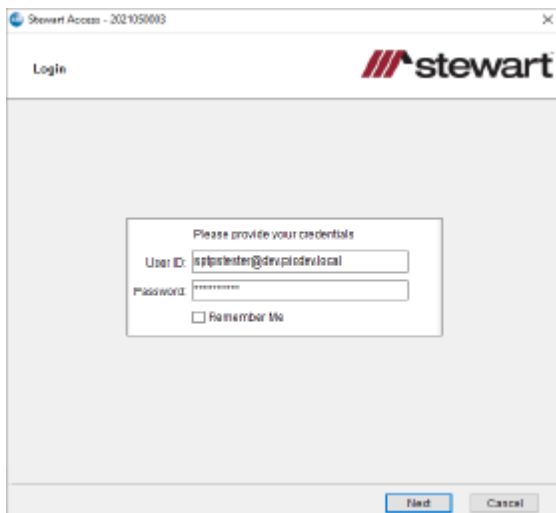

Note: If you do not have your Stewart Connect credentials, please see the Quick Reference Card titled Stewart Connect – Resetting Your Password.

Steps

1. While in any file, navigate to and click the **360 Services** icon, then double-click **Stewart-Stewart Title** located under the Underwriter Services folder.

2. Enter your Stewart Connect credentials. These may be saved by clicking **Remember Me**. Click **Next**, then **Login** to test your new credentials. They will be saved for subsequent logins. **NOTE: If you land past this screen, select the Back button in the lower left to return to this Login screen to enter your credentials. Most users will need to do this.**

A screenshot of the 'Stewart Access - 2021050913' login window. The window has a 'Login' header and the Stewart logo. Below the header is a form titled 'Please provide your credentials' with fields for 'User ID' (containing 'spstester@devproddevlocal') and 'Password' (masked with dots). There is a 'Remember Me' checkbox. At the bottom are 'Next' and 'Cancel' buttons.

Questions? Should you have any questions, please contact the **Agency Support Center** at customercare@stewart.com or (844) 835-1200 Option 2.
