

Stewart Title of California, Inc.

# **Partial Fee Schedule for Title Insurance**

---

## **Residential Rates**

Effective November 1, 2021

# Explanation of Partial Fee Schedule Terms - Residential Rates

## Amount of Insurance

Total amount of the sales transaction rounded to the next highest dollar.

## Residential Rate

The Residential Rate is the title insurance rate that is applicable to those transactions covering residential one-to-four unit properties.

## Applicable Rate

Depending on the property type, title insurance fees will be calculated by applying either the Residential Rate or the Basic Rate (as defined herein). For example, the title insurance fees for a sale or loan transaction covering a residential one-to-four unit property would be determined by applying the Residential Rate; the title insurance fees for a sale or loan transaction covering a 10-unit apartment building, vacant land or a shopping center would be determined by applying the Basic Rate. Therefore, the rate applied, which will be determined by the property type that is the subject of the transaction, is the Applicable Rate, unless otherwise provided for in the Stewart Title Guaranty Company filed Schedule of Charges and Forms for Title Insurance in the State of California (Rate Manual).

## CLTA/ALTA® Homeowner's Rate

The rate for a CLTA/ALTA Homeowner's Policy, which is an expanded coverage policy available to individuals (including their trusts) of residential one-to-four unit properties is 110% of the Residential Rate.

## Residential Concurrent Loan Rate

This rate applies when an ALTA Loan Policy (without Western Regional Exceptions), also known as ALTA Extended Loan Policy, is issued concurrently with an CLTA Standard Coverage Owner's Policy, ALTA Owner's Policy (with Western Regional Exceptions), or CLTA/ALTA Homeowner's Policy in a sales transaction for the full value of the land and improvements. The Residential Concurrent Loan Rate is set forth in Section 11.6 of the Rate Manual.

## Residential Refinance Rate

The Residential Refinance Rate is the title insurance rate that is applicable to a loan policy covering a new loan for the purpose of the refinance of existing secured debt when an ALTA Loan Policy (without Western Regional Exceptions), also known as ALTA Extended Loan Policy, is issued. The Residential Refinance Rate is 80% of the Residential Rate.

## Stewart Title Absolute Rate (S.T.A.R.)

The S.T.A.R. is the fee charged for a lender's policy of title insurance on improved one-to-four family residential property for loan transactions refinancing existing debt.

The S.T.A.R. applies only when all of the following conditions are met:

1. The order is opened electronically;
2. The preliminary report is delivered electronically;
3. The preliminary report uses generic exceptions for such matters as Covenants Conditions & Restrictions and Easements of record or reflects the actual filed exceptions of record (e.g. book and page) when contemplating the issuance of any loan policy product, i.e., an ALTA Short Form Residential Loan Policy, a CLTA Standard Coverage Loan Policy, an ALTA Loan Policy (with Western Regional Exceptions), or an ALTA Loan Policy (without Western Regional Exceptions) also known as the ALTA Extended Loan Policy; and
4. The policy is delivered electronically.

For more specific or additional information regarding available policies or coverage, please contact the Stewart Title of California office nearest you.

## TRID DISCLOSURE INFORMATION

- 1. TRID Disclosure Lender's Title Premium =**  
The TRID Disclosure Lender's Title Premium is the Full Loan Rate Premium Amount as if no simultaneous issue discount applies.  
CALCULATION: The Residential Rate Chart using the actual loan amount.
- 2. TRID Calculated Owner's Title Premium =**  
The TRID Calculated Owner's Title Premium is the additional/incremental amount.  
CALCULATION: The Actual Owner's Premium PLUS the Actual Simultaneous Lender's Premium MINUS the TRID Disclosure Lender's Premium at the Full Loan Amount.
- 3. Title Premium Adjustment =**  
Necessary when the Seller pays all or a portion of the Owner's Title Insurance Premium. The Title Premium Adjustment is required to correct the difference between actual premiums charged and the TRID Disclosure required amounts.  
CALCULATION: The Actual Lender's Title Premium MINUS the TRID Disclosure Lender's Title Premium.

# Partial Fee Schedule for Title Insurance

---

## Basic Rates

(For properties other than residential  
one-to-four units including commercial  
and industrial properties)

Effective November 1, 2021

# Explanation of Partial Fee Schedule Terms - Basic Rates

---

## Amount of Insurance

Amount of Insurance Total amount of the sales transaction rounded to the next highest dollar.

## Basic Rate

The Basic Rate is the title insurance rate applicable to those transactions not covered by the Residential Rate, or other rates, as set forth in the Stewart Title Guaranty Company filed Schedule of Charges and Forms for Title Insurance in the State of California (Rate Manual).

## Applicable Rate

Depending on the property type, title insurance fees will be calculated by applying either the Residential Rate or the Basic Rate (as defined herein). For example, the title insurance fees for a sale or loan transaction covering a residential one-to-four unit property would be determined by applying the Residential Rate; the title insurance fees for a sale or loan transaction covering a 10-unit apartment building, vacant land, or a shopping center would be determined by applying the Basic Rate. Therefore, the rate applied, which will be determined by the property type that is the subject of the transaction, is the Applicable Rate, unless otherwise provided for in the rate manual.

## Basic Concurrent Loan Rate

This rate applies when an ALTA Loan Policy (without Western Regional Exceptions), also known as ALTA Extended Loan Policy, is issued concurrently with an CLTA Standard Coverage Owner's Policy, ALTA Owner's Policy (with Western Regional Exceptions), or CLTA/ALTA Homeowner's Policy in a sales transaction for the full value of the land and improvements. The Basic Concurrent Loan Rate is set forth in Section 11.6 of the Rate Manual.

## Basic Refinance Rate

The Basic Refinance Rate is the title insurance rate that is applicable to a loan policy covering a new loan for the purpose of the refinance of existing secured debt when an ALTA Loan Policy (without Western Regional Exceptions), also known as ALTA Extended Loan Policy, is issued. The Basic Refinance Rate is 80% of the Basic Rate.

**For more specific or additional information regarding available policies or coverage, please contact the Stewart Title of California office nearest you.**
