Section 1. Liens and Personal Obligation of Assessments: Each owner of a lot by acceptance of his deed for such lot, whether

OR1011PG2044

Section 2. Annual Assessments:

Annual assessments shall be paid by each lot owner to the Association. The assessment for the years 1982 and 1983 shall be Twenty-Five Dollars (\$25.00) for each lot in the subdivision as shown on the unrecorded plat attached as Exhibit B. For the year 1984 and each subsequent year, the annual assessment may be increased by vote of the Association, not to exceed 10 % over the assessment of the previous year.

Section 3. Special Assessment for Road Maintenance:

In addition to the annual assessments, the Association may have a special assessment in any year for the purpose of defraying in whole or part, the cost of maintenance or repair of the roads in the subdivision. Any such assessment must be approved by the majority vote of the membership of the Association. Each owner shall be assessed a percentage of the maintenance cost. The percentage of the cost allocated to each owner shall be determined by dividing the number of acres each owner owns by the total number of acres in the subdivision.

Section 6. Subordination of Assessment Lien Mortgages: The assessment lien provided for herein shall be subordinate to the

OR1011PG2045

lien of any first mortgagor. A sale or transfer of any lot shall not affect the assessment lien. However, the sale or transfer of any lot pursuant to a mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the assessment lien as to payments which become due prior to such sale or transfer. No sale or transfer shall relieve such lot from liability for any assessments thereafter becoming due.

ARTICLE IV: EASEMENTS

Each lot extends to the middle of a 60 foot easement for utilities and ingress and egress. The easement is described in Official Records Book 1010, Page 1568 of the Public Records of Leon County, Florida. Each deed from the developer will grant to the Owner non-exclusive use of the easement and retain an easement over the 30 feet of the easement conveyed by the Warranty Deed. Within the easement described in the Public Records, no structure, plant, or other object shall be placed or permitted to remain which may damage or interfere or change the direction or flow of drainage within the easement or interfere with the installation and maintenance of utilities or the safe passage of automobile traffic.

ARTICLE V: USE RESTRICTIONS

The subdivision shall be occupied and used only as follows:

Section 5. No building including additions to existing structures shall be erected within the subdivision until the construction plans, site plans and specifications showing the location

OR1011PC2046

and architectural design of the structure have been approved by the Declarant. If no action has been taken after thirty (30) days from the date in which the plans are submitted to the Declarant, then approval of the plans shall be presumed. Approval shall be based on compliance with these restrictions, quality of materials and location on the property. Approval shall not be arbitrarily withheld.

At such time as Declarant no longer wishes to maintain control of construction in the subdivision, it shall assign this function to the Association. The President of the Association shall appoint three (3) members of the Association to serve as an Architectural Control Committee to exercise the authority granted by this section.

Section 6. No dwelling shall be constructed that contains less than 1,400 square feet of heated area, exclusive of porches and garages. Once construction starts, work shall be pursued diligently until completed.

Section 7. Out buildings shall be limited to private stables, kennels, greenhouses, and structures customarily associated with single family residential homes. All out buildings shall be approved as provided for in Section 5 above.
