a. MEMBERSHIP. The architectural control committee shall be composed of two (or at the option of the committee, more than two) members, who may designate a representative to act for the committee. In the event of the death or resignation of any member of the committee, the remaining member shall have full authority to designate a successor. Neither the members of the committee nor their designated representative shall be entitled to any compensation for services performed pursuant to this covenant. At any time the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the committee. The developers shall constitute the initial membership of the committee.

b. PROCEDURE. The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representative, fails to approve or disapprove within 30 days after the plans and specifications have been submitted to it, approval will not be required.

14. TERM. These covenants are to run with the land and shall inure to the benefit of and be binding upon all parties and all persons claiming under them for a period of fifty years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of 10 years unless an instrument signed by a majority of the then owners of the lots is recorded, changing said covenants in whole or in part.

15. ENFORCEMENT. In addition to all other remedies, enforcement shall be by proceeding at law or in equity against any

person or persons violating or attempting to violate any covenant, either to restrain any violation or to recover damages, and the expense of enforcement shall be borne by the owner of the property in violation of these covenants.

16. SEVERABILITY. Invalidation of any one of these covenants by judgment or court order shall in no way affect any of the other provisions which shall remain in full force and effect.

17. In the event that a minor violation of any of these restrictions shall inadvertently occur, which said minor violation shall not be of such a nature as to defeat the intent and purpose of these covenants, the Developers reserve the right to waive such minor violation for a period of five years from and after this date, or until Developers have divested themselves of title to all platted lots within the subdivision, whichever shall be the last to occur. From and after that event, such waivers shall lie within the discretion of the architectural committee.

IN WITNESS WHEREOF, the Developers have hereunto set their hands and seals the day and year first above written.
