A. GENERAL PROVISIONS

This manual establishes the appropriate charges and rules pertaining to title insurance policies and endorsements issued by Stewart Title Guaranty Company ("Stewart" or "Underwriter"). The terms and provisions of this manual supersede all previous rate manuals filed by Stewart. The charges provided herein are assessed based solely on the issue of the title insurance policy and do not include any additional charge for surveys, escrow closing services, recording fees, or other escrow related fees. Moreover, this manual does not provide all underwriting requirements pertaining to the policies and endorsements addressed herein.

DEFINITIONS

Basic Schedule of Charges. The Basic Schedule of Charges refers to the rate calculated according to Section B.1. below.

Charge. The term charge refers to the charge for a title insurance policy or endorsement. A charge also includes the abstracting, searching and examination fee. Any calculated charge shall be rounded up to the nearest dollar amount. As used herein, a charge does not include any settlement fee, trustee fee, attorney fee, surveying fee, inspection fee, document fee, closing fee, escrow fee or any other fee associated with escrow. A charge for an endorsement may be reduced based on any permitted reduction to a policy as stated within this manual.

Extended Coverage. Extended Coverage refers to the deletion of part or all of the standard exceptions from coverage. Extended Coverage may also be created by issuing certain endorsements. An endorsement creating Extended Coverage that also, by its nature, provides additional affirmative assurances requires an added charge for both the Extended Coverage as well as the charge for the endorsement.

Full Principal Debt. This term means the amount of an Insured Mortgage that is secured by land less any of the debt secured by personal property or uninsured real property interests.

Full Value of Land. The Full Value of Land is the actual purchase price or, if no sale is involved, the full reasonable value as may be agreed upon between the insurer and the proposed Insured. On leasehold estates, the Full Value of the Land is the lesser of either the aggregate of the rentals payable under the primary term of the lease or the full reasonable value of the land.

Insured. The Insured is the person or entity named as the Insured in the policy of title insurance or other indemnity.

Land, Premises, or Property. Land, Premises, or Property is the property described in Schedule A of a title insurance policy or commitment including any improvements affixed thereto which by operation of law constitute real property. The property described in Schedule A may be limited by exception as set out in Schedule B of the title insurance policy or commitment.

Material Risk Factors. This term refers to a determination based on whether a minimal risk or no risk is involved in the issuance of a title insurance policy or endorsement to a policy. The determination of No Material Risk Factors is based on the evaluation of the following factors:

- (1) whether a notice has been filed on the State Construction Registry indicating construction has commenced prior to the recording of the insured security;
- (2) whether any mechanics' liens have been recorded within one (1) year of the commitment;
- (3) whether a recent survey meeting the minimum detail standards of the ALTA/NSPS has been conducted showing no encroachment, boundary conflict, overlap and the ease of finding a government monument;

- (4) whether the land has been recently subdivided into a platted subdivision or regularly surveyed tract.

Mortgage. A mortgage is a mortgage, deed of trust, trust deed, or other security instrument relating, at least in part, to land.

Policy Form. A Policy Form is any title insurance policy or guarantee form filed by Stewart with the Commissioner of Insurance of the State of Utah.

Residential and Commercial. The term residential means a structure or land developed for use as a one to four family dwelling. The term commercial means a structure or land developed for any use other than residential.

Simultaneous Issue. This term refers to issuing two or more policies on identical land out of the same transaction whenever the policies are issued at the time the Insured acquired its interest in the property.

Standard Coverage. This term refers to a title insurance policy that includes the standard exceptions listed in B.11.

Surcharge. This term means a charge in addition to the Basic Schedule of Charges for any policy or endorsement.

B. SCHEDULE OF CHARGES FOR POLICIES

1. BASIC SCHEDULE OF CHARGES

Liability	Increment	Amount
\$0 to \$10,000.....	Fixed.....	\$200.00
Over \$10,000 to \$100,000, add.....	Per Thousand	\$5.50
Over \$100,000 to \$200,000, add.....	Per Thousand	\$5.00
Over \$200,000 to \$500,000, add.....	Per Thousand	\$4.00
Over \$500,000 to \$2,000,000, add.....	Per Thousand	\$2.00
Over \$2,000,000 to \$5,000,000, add.....	Per Thousand	\$1.75
Over \$5,000,000 to \$10,000,000, add.....	Per Thousand	\$1.50
Over \$10,000,000 to \$50,000,000, add.....	Per Thousand	\$1.25
Over \$50,000,000 to \$75,000,000, add.....	Per Thousand	\$0.95
Over \$75,000,000, add.....	Per Thousand	\$0.75

The charges identified above equal the Basic Schedule of Charges for each \$1,000.00 of liability assumed in the policy. The total charge for a policy is based on the aggregate charge per thousand dollars plus the base charge of \$200 and is not assessed by multiplying a single charge per thousand by the face amount of the policy.

A minimum charge shall also apply so in no event will any rate calculated based on the above be less than \$220.

The Basic Schedule of Charges is the charge to be applied for any policy when no other rate may be applied.

2. EXTENDED COVERAGE

The Deletion of the Standard Exceptions from coverage from an owner’s or lender’s policy provides Extended Coverage.

A. Deletion of Standard Exceptions from Coverage

1) Extended Lender's Coverage

The charge for extended lender's coverage policy is 60% of the Basic Schedule of Charges plus any additional charges assessed based upon risk factors pertaining to the deletion of the mechanics' lien exception.

2) Extended Owner's Coverage

The Surcharge for extended owner's coverage is 40% of the Basic Schedule of Charges.

B. Deletion of Standard Exception 6 for Mechanics' Liens

1) Owner's Policy

To delete the standard exception for mechanics' liens on an owner's policy, the issuing title agent must verify whether there are any Material Risk Factors that increase Stewart's exposure to liability. If any Material Risk Factor is present, the surcharge to delete the mechanics' lien exception ranges from 20% to 40% of the Basic Schedule of Charges as determined by underwriting on a case by case basis. If no Material Risk Factor is present, the charge to delete the mechanics' lien exception is 15% of the Basic Schedule of Charges.

2) Lender's Policy

a. Construction Loan

Approval from underwriting must be obtained before the mechanics' lien exception may be deleted from a lender's policy issued in connection with a construction loan. The charge to delete the mechanics' lien exception ranges from 0% up to 40% of the Basic Schedule of Charges as determined by Underwriter.

b. Permanent Financing

There is no charge to delete the mechanics' lien exception from a lender's policy that is issued in connection with permanent financing or for a loan not issued in connection with construction.

C. Individual Surcharges for Deletion of the Standard Exceptions in Owner's policies:

1) Deletion of Standard Exception 1 Relating to Taxes and Assessments:

There is no surcharge to delete this exception.

2) Deletion of Standard Exception 2 Relating to Persons in Possession:

The surcharge to delete this exception is 5% of the Basic Schedule of Charges.

3) Deletion of Standard Exception 3 Relating to Easements:

The surcharge to delete this exception is 10% of the Basic Schedule of Charges.

4) Deletion of Standard Exception 4 Relating to Survey Matters:

The surcharge to delete this exception is 10% of the Basic Schedule of Charges.

5) Deletion of Standard Exception 5(a) Relating to Unpatented Minerals:

There is no surcharge to delete this exception.

- 6) Deletion of Standard Exception 5(b) Relating to Patent:
All title policies should contain this standard exception if no specific exception has been provided in the policy. There is no additional surcharge to convert the standard patent exception into a specific patent exception.
- 7) Standard Exception 5(c) Relating to Water Rights May Not be deleted.

3. U.S. POLICY FORM AND DATEDOWN ENDORSEMENT

The charge for a U.S. Policy Form is 100% of the Basic Schedule of Charges. There is no charge for the first datedown endorsement to a U.S. Policy provided that the endorsement is issued within six (6) months of the original policy and there is no increase in the amount of insurance. The charge for the endorsement issued in connection with an increase in the amount of insurance is the applicable Basic Schedule of Charges based on the increased liability assumed in the endorsement. There is a \$75.00 charge for a datedown endorsement that is issued after six (6) months from the date of the original policy or for each additional datedown endorsement issued subsequent to the first datedown endorsement.

4. GUIDELINES TO DETERMINE CHARGES

A. Amount of Insurance

- 1) Owner's Policy
An owner's policy insuring a fee is issued for not less than (a) the amount of the current sales price of the land and any existing improvements affixed thereto, or (b) the full value of the land and any existing improvements appurtenant thereto at the time of the issuance of the policy if the policy is not being issued in connection with a sale. The Full Value of the Land may be ascertained by an appraiser not affiliated with the Insured.
- 2) Lender's Policy
A lender's policy is issued for not less than (a) the Full Principal Debt secured by the Insured Mortgage and may include up to 30% in excess thereof to cover interest, including capitalized interest, foreclosure costs or other costs associated with the Mortgage or loan, or (b) the value of the insured parcel if the indebtedness is also secured by other collateral.
- 3) Leasehold Policy
A leasehold policy covering leasehold estates with an unexpired term of fifty (50) years or more is issued for the full value of the land and existing improvements. A leasehold policy that is issued in connection with a leasehold estate less than fifty (50) years is issued in an amount, at the option of the Insured, based upon either (a) the total amount of the rentals payable for the primary term, but shall not be issued for less than five (5) years of the total amount of rents payable or (b) the Full value of the Land and any existing improvements together with any improvements immediately contemplated to be erected thereon.
- 4) Contract Purchase
A policy insuring a contract purchaser is issued in an amount not less than the full value of the principal payments under the contract.

5) Estate Less Than Fee

A policy insuring something less than fee is issued in the amount of the value of the estate at the time the policy is issued.

B. Additional Chains of Title

A charge of \$125.00 applies whenever a policy insures an extra chain of title which covers property in a different block, section or county or when parcels are not under common ownership. If the property to be insured under an extra chain of title has been insured previously, the charge for the additional chain of title is \$75.00.

There is no additional charge when insuring two or more lots in a single tract and in common ownership. If, however, the parcels were in different ownership within the last five (5) years, the charge for an additional chain of title applies.

A charge for additional chain of title is issued only once and is not made upon a reissue of a policy. The Insured may have the charge for additional chain of title waived once the proposed Insured provides proof of a prior title policy or other evidence showing the charge for additional chain of title was assessed.

C. Commitments and Binders

A commitment or binder for title insurance is issued only upon application for a policy of title insurance. Stewart does not authorize or allow the use of any preliminary report, letter report, foreclosure report and certificate of title or opinion of title, and any such reports must not be issued on Stewart paper or letterhead. Stewart is not obligated to provide any insurance or policy regardless of any agreement between a seller and buyer, borrower and lender, or any other party to a transaction that contemplates the issuance of a title insurance Policy Form until all underwriting requirements have been satisfied.

D. Charges for Forms and Services Not Scheduled Herein

The charge for Stewart forms not provided in this manual may be requested by the Insured. Whenever a charge not provided for in this manual is assessed, that charge will be made in a manner that appears to be consistent with the general pattern of pricing provided within this manual.

All requests for financing or development of major projects or nationwide accounts that may require Stewart or an issuing agent to enter into agreements or contracts for various services must be submitted in full detail to Underwriter.

E. Multiple Policies with a Tie-In Endorsement

The charge for transactions involving multiple parcels covered by multiple policies that include a Tie-In Endorsement is the applicable Basic Schedule of Charges based upon the pro-rata portion of the total liability allocated to the particular insured parcel plus the charge for additional chain of title.

A single policy may be issued in connection with a transaction covering all lands included in the transaction regardless of the properties' locale. In lieu of a single policy being issued to cover several parcels, multiple policies may be issued with the premium and charge being allocated among the several parcels provided that all policies contain a Tie-In Endorsement tying all policies together into one greater policy.

5. OWNER'S POLICIES

A. Standard Coverage Owner's Policy

A standard ALTA 2006 owner's policy is the policy to be issued unless another form of owner's policy is requested in an application for title insurance. The charge for a Standard Coverage ALTA 2006 owner's policy is 90% of the Basic Schedule of Charges.

B. Double Sale/Flip Transaction

No single application for title insurance or order may be used when there is a double sale or flip of property. There must be two separate title commitments and orders with two separate escrows, each independently funded, whenever a buyer of a property immediately turns and sells the property to another buyer. Each order is charged independently.

C. 1031 Reverse Exchange

The charge for an owner's policy issued to a qualified intermediary in connection with a 1031 reverse exchange is 90% of the Basic Schedule of Charges. The charge for the owner's policy issued to the exchanger is 30% of the Basic Schedule of Charges provided that title to the property is conveyed to the exchanger within 180 days from the date of the original policy.

In lieu of two separate policies, one single policy and commitment may be issued in connection with a reverse exchange at 100% of the Basic Schedule of Charges provided that within 180 days from the commitment the insured property is conveyed to the exchanger. Any increase in the amount of liability will be charged the applicable Basic Schedule of Charges.

D. Multiple Owner's Policies

Multiple owner's policies may be written as a single risk. The Insureds, however, receive separate policies. The charge for the issuance of a standard owner's policy insuring a single risk covering more than one Insured is 90% of the Basic Schedule of Charges for the single risk insured plus a Surcharge of 30% of the Basic Schedule of Charges for each additional interest insured under the individual and separate policy.

E. Re-write of Installment Purchase Contract

An Insured under an Owner's policy who acquired less than fee through an installment purchase contract may obtain an updated title policy provided that the purchase contract has been fully satisfied including the recorded deed conveying title to the purchaser. The charge for an updated owner's policy upon satisfaction of a purchase contract is 30% of the Basic Schedule of Charges if the policy is rewritten prior to the expiration of ten (10) years from the original policy. The charge for an updated standard owner's policy issued after the expiration of ten (10) years from the original policy is 90% of the Basic Schedule of Charges.

F. Relocation Owner's Policy

A standard owner's policy may be issued to a relocation company in connection with a relocation transaction for a charge of \$100 on residential property or \$1,000 on commercial property provided that the relocation company is on title for less than

five (5) days and there is a simultaneously issued owner's policy which is charged the applicable Basic Schedule of Charges.

G. ALTA Homeowner's Policy of Title Insurance for One-to-Four Family Residence

The charge for an ALTA Homeowner's Policy is 110% of the charge for a standard owner's policy (see B.5.A). This particular policy is issued on a one to four family residential property located in a subdivided development.

H. Extended Coverage Owner's Policies

The charge for an ALTA Extended Coverage owner's policy is as set forth in B.2.A.2 above.

6. LENDER'S POLICIES

A. General

The charge for a Standard Coverage ALTA lender's policy is 50% of the Basic Schedule of Charges. The charge for an Extended Coverage ALTA lender's policy is 60% of the Basic Schedule of Charges.

A lender's policy must be issued in an amount not less than the Insured Mortgage except in circumstances where the property is only one part of the collateral secured by the Insured Mortgage. In that particular instance, the amount of insurance must be proportionate to the full value of the property.

B. Simultaneous Coverage Loan Policies

The charge for simultaneous coverage lender's policies when no owner's policy is issued is calculated as follows:

1) Multiple ALTA Standard Coverage Lender's Policies:

The charge is 50% of the Basic Schedule of Charges based on the aggregate liability plus a Surcharge of 20% of the Basic Schedule of Charges for each simultaneous coverage standard lender's policy.

2) One ALTA Extended Coverage Lender's Policy and a Simultaneous Standard Coverage Lender's Policy:

The charge is 60% of the Basic Schedule of Charges based on the aggregate liability plus a Surcharge of 20% of the Basic Schedule of Charges for each simultaneous Standard Coverage lender's policy plus any Surcharge as detailed in section B-2 if any material risk factor pertaining to the deletion of mechanics' liens is present.

3) Multiple ALTA Extended Coverage Lender's Policies:

The charge is 60% of the Basic Schedule of Charges based on the aggregate liability plus a Surcharge of 40% of the Basic Schedule of Charges for each simultaneous coverage extended lender's policy plus any Surcharge as detailed in section B-2 if any material risk factor pertaining to the deletion of mechanics' liens is present.

There is an additional charge of \$25 to issue the ALTA Residential Junior Loan policy Supplemental coverage Endorsement - JR1 and Revolving Credit/Variable Rate Endorsement to Residential Limited coverage Junior Loan policy - JR2, if issued within six (6) months from date of policy. 8. GUARANTEES

Guarantees are written with the standard exceptions included. The standard exceptions may be deleted upon payment of the charge for Extended Coverage on an owner's policy. Notwithstanding, the exception relating to mechanics' liens will either not be deleted or will be added as a specific exception. Underwriter approval must be obtained prior to issuing a guarantee that deletes the standard exception relating to mechanics' liens. The surcharge for a guarantee with the mechanics' liens exception deleted will range from 0% to 40% of the Basic Schedule of Charges as determined by Underwriter.

At the request of the assured, a guarantee, which at the time it is issued, contemplates a sale may be converted to an owner's policy. This protection is apart and separate from the coverage provided under the title insurance policy. The protection is available to the purchaser, lender, borrower and seller. A fee shall be charged to each party receiving the benefit of the CPL. The fee(s) to be charged shall be \$25 for a lender, purchaser, and borrower; and \$50 for a seller. The entire amount of the CPL fee, rate or charge shall be remitted to Underwriter at closing for the additional risk it assumes when providing a CPL.
