

STEWART TITLE GUARANTY COMPANY
Schedule of Title Insurance Premiums

VERMONT

A. GENERAL PROVISIONS

The charges set forth herein shall be observed by all policy issuing attorneys, agents, and offices in the State of Vermont.

The charges set forth herein do not include any fee made for title search, abstract fees, title examination, settlement, closing, or escrow services performed by approved attorneys, agents, or offices.

Charges are applicable to units of insurance in multiples of \$1,000 or fractions thereof.

Express written authority must be obtained from Stewart's Vermont state office (phone: 802-660-2888 or toll free: 888-201-1022) to issue policies with a liability amount in excess of \$1,000,000.

The charges for Expanded Coverage policies, i.e. Enhanced Loan and Homeowners Policy of Title Insurance, and for Standard Coverage policies are the same. Expanded Coverage policies are not appropriate for, and may not be used if, the property to be insured is:

- (a) A construction loan – residential or commercial;
- (b) A parcel of unimproved property; or
- (c) A commercial loan of any kind

Further, a Homeowners Policy of Title Insurance may only be issued when the insured property is a one-to-four family residence.

Whenever the Underwriter deems the coverage to be extra hazardous, additional charges commensurate with the risk may be assessed. The charge for any endorsement issued in connection with a policy for commercial or industrial real property is negotiable.

Notwithstanding any provisions herein to the contrary, an issuing attorney, agent or office, which would otherwise be obligated to issue its policy of title insurance or other indemnity, at a charge below original charges set out herein, may refuse to issue at the lower charge and may issue at original charges if it notifies the insured in writing of the insured's right to the reduced charge and secures from him a written waiver of that right and request that the company issue at the original charges.

If the form of commitment or policy to be issued would afford protection against adverse condition(s) as revealed by an underwriting analysis and study of a specific risk, and such adverse condition(s) would render the risk unacceptable to the Underwriter, the commitment or policy may be issued with a specific exception to any unacceptable condition(s) without credit or additional charge, except such as may be otherwise provided in this manual of charges.

Definitions

Charge. The charge is that cost per unit of insurance, which when multiplied by the total units of liability, results in the charge for the risk assumed. The charge does not include the abstracting or searching fee, examination fee, settlement fees, closing fees, or escrow fees.

Full Principal Debt. The full principal debt is that part of the mortgage debt that is secured by land, excluding therefrom that part of the debt, if any, secured by personal property.

Full Value of the Land. The full value of the land is the actual purchase price, or, if no sale is involved, the full reasonable value as may be agreed upon between the insurer and the proposed insured. On leasehold estates, the full value of the land is the aggregate of the rentals payable under the primary term of the lease or the full value of the land as herein defined, whichever is less.

Identical Land. The identical land is the land or any part thereof described in a policy of title insurance or other indemnity.

Insured. The insured is the person named as the insured in the policy of title insurance or other indemnity.

Land, Premises, or Property. Unless otherwise set forth in the policy of title insurance or other indemnity, land, premises, or property is the land described, specifically or by reference, and improvements affixed thereto which by law constitute real property.

Mortgage. A mortgage is a mortgage, deed of trust, trust deed, or other security instrument relating, at least in part, to land.

Simultaneous Issuance. Simultaneous issue is the issuance of two or more policies on identical land out of the same transaction. The effective date of the policies do not have to be the same in order to qualify for a simultaneous issue; however, if the effective dates are not the same, these policies must have been able to have been issued the same day and a commitment to insure each interest must have been issued at the same time of the consummation of the transaction.
