### **Stewart Title Partners with SIGNiX to expand Remote Online Notarization (RON) Offerings**

**HOUSTON, TX (April 29, 2020)** – Stewart Title announced today it has entered into an agreement to offer SIGNiX digital signature products to its internal notaries and Stewart Trusted Provider™ network, allowing them to offer electronic and Remote Online Notarization (RON) services directly, extending their ability to perform those services directly, in addition to using other approved third-party service providers.

SIGNiX, a leading digital signature and eNotary provider in North America, has been a pioneer in creating new business opportunities for notaries with its comprehensive platform for eNotaries to accompany in-person eNotary products and its RON capabilities.

“Stewart Title is an industry leader when it comes to RON and digital transaction solutions,” said Jay Jumper, CEO of SIGNiX. “By partnering with them at this critical time, we can provide both independent and in-house notaries the tools to further expand their notary business in a secure, convenient and safe environment.”

“As more and more states pass RON legislation, it’s important we offer our associates and agents a suite of reliable and proven digital solutions,” said Scott Gillen, Senior Vice President – National Agents for Stewart. “SIGNiX’s electronic notarization platform will allow our issuing offices to add electronic notarization capabilities, as well as provide an additional resource for agents or escrow officers looking to perform Remote Online Notarizations.”

Stewart provides policy support and title expertise through a nationwide network of direct operations and independent agency partners providing a personalized experience for agencies, lender partners and borrowers on a local level. Stewart enables its network to support digitizing the closing process for purchase, refinance, home equity and cash transactions.
