1. Accounting Practices

A. The financial statements of Stewart Title Insurance Company are presented on the basis of accounting practices prescribed or permitted by the New York Department of Insurance.

The New York Department of Insurance recognizes statutory accounting practices prescribed or permitted by the State of New York for determining and reporting the financial condition and results of operations of a title insurance company, for determining its solvency under the New York Insurance Law. The National Association of Insurance Commissioners' (the NAIC) *Accounting Practices and Procedures* manual, version effective January 1, 2001 (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of New York. The state has adopted certain prescribed accounting practices, which differ from those found in NAIC SAP, in accordance with Regulation 172 of the New York State Insurance Law.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of New York is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policies

Revenue recognition and related expenses - Premiums are earned at the time the policies are issued. Premiums on title insurance policies written by agents are recognized primarily when policies are reported to the Company. The Company also accrues for unreported policies where reasonable estimates can be made based on historical reporting patterns of agents, current trends and known information about agents. The Company assumed and ceded reinsurance with various title companies, on an individual basis, utilizing standard facultative agreements provided by the American Land Title Association and also has one excess reinsurance agreements wherein the Company assumes liability automatically under the terms of the treaty. Statutory Premium Reserves (SPR) are established to protect title insurance policyholders in the event of insolvency or dissolution of a title insurer. SPR is computed based on Section 6405(a)(1) of the New York Insurance Law. Expenses incurred in connection with issuing the policies are charged to operations as an expense for premiums retained by agents.

A statutory premium reserve is based on Section 6405 (a)(1) of the New York Insurance Law. Section 6405(a)(1) requires the Company to reserve an amount equal to one dollar fifty cents for each risk assumed under a binder or policy of insurance or any certificate or agreement issued under either of them, plus one-eightieth of one percent of the face amount of insurance effected thereby and three percent of the gross fees and premiums received by it for guaranteed certificates of title, guaranteed searches and guaranteed abstracts of title.
