NOTES TO FINANCIAL STATEMENTS

1. Accounting Practices

A. The financial statements of Stewart Title Insurance Company are presented on the basis of accounting practices prescribed or permitted by the New York Department of Insurance.

The New York Department of Insurance recognizes statutory accounting practices prescribed or permitted by the State of New York for determining and reporting the financial condition and results of operations of a title insurance company, for determining its solvency under the New York Insurance Law. The National Association of Insurance Commissioners' (the NAIC) *Accounting Practices and Procedures* manual, version effective January 1, 2001 (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of New York. The state has adopted certain prescribed accounting practices, which differ from those found in NAIC SAP, in accordance with Regulation 172 of the New York State Insurance Law.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of New York is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policies

Revenue recognition and related expenses - Premiums are earned at the time the policies are issued. Premiums on title insurance policies written by agents are recognized primarily when policies are reported to the Company. The Company also accrues for unreported policies where reasonable estimates can be made based on historical reporting patterns of agents, current trends and known information about agents. On December 22, 2017, the Tax Cuts and Jobs Act (the "2017 Act") was signed into law by President Trump. The 2017 Act significantly revised the U.S. corporate income tax regime by, among other things, lowering the U.S. corporate income tax rate from 35% to 21% effective January 1, 2018. The Act also changed the manner in which statutory premium reserves (SPRs) are discounted for post-2017 tax years based on certain guidance issued during late 2018. As a result of the new tax discounting rules, the Company's discounted SPRs at December 31, 2017 were estimated to be \$4.5 mm (\$0.9 mm tax-effected at 21%) less than the amount computed under the prior rules with such temporary book-tax difference to be recognized in taxable income ratably over an 8-year period starting with 2018. The 2018 and 2019 current tax provisions were computed using a 21% tax rate.

D. Reconciliation of federal income tax rate to actual rate:

The provision for federal income taxes incurred is different from that which would be obtained by applying the statutory federal income tax rate to income before income taxes. The significant items causing the difference are as follows:

	3/31/2019	12/31/2018

Stewart worked with FNF on its new Form A application with the New York State Department of Financial Services, which disapproved a prior application with respect to Stewart Title Insurance Company, the Stewart’s New York domiciled title insurance underwriter.
