The general rule is and has been that if a city premium tax is charged, a county premium tax is not charged. There are, however, some exceptions to this rule as set out below.

(1) Kenton County tax has ONLY been imposed on all unincorporated areas within the county. The following incorporated cities that do not impose a tax are exempt from the Kenton County premium tax: Crestview Hills, Edgewood, Fairview, Independence and Kenton Vale.

(2) Some counties charge a higher premium tax than the cities located within their county. In these instances, the county tax is collected and the city tax is paid with the remainder of the tax paid to the county. Those counties are as follows:

<u>COUNTY</u>	<u>CITY/CITIES</u>
Bullitt 5%	Hebron Estates 3%; Mt. Washington 4%; Shepherdsville 4%
Mason 7%	Dover 5%
Meade 5%	Ekron 3%
Pulaski 5.5%	Science Hill 5%

Example: Bullitt County premium tax is 5%. City of Shepherdsville receives 4% and Bullitt County receives 1% for a total tax collected of 5%.

(3) There are three (3) cities and counties where you must collect premium taxes from each:

- City of Lawrenceburg 8% and Anderson County 4%
- City of Hickman 3% and Fulton County 3%
- City of Springfield 6% and Washington County 4%

Example: City of Hickman receives 3% and Fulton County receives 3% for a total tax collected of 6%.

When both city and county premium taxes are charged, both the code and amount for each must be set out on your policy.

(4) A Louisville Urban Services District has been established, but does not impact premium tax for title insurance

If you have any questions, please call our office at 502-426-1980
