Houston Texas

HOUSTON (July 27, 2020) – Stewart Information Services Corporation announced today that Tony Sandoval is being promoted to Senior Division President overseeing Direct Operations in the Austin and San Antonio markets.

“Tony knows our business inside and out; not just from a finance and accounting perspective, but from an operational standpoint as well,” Steve Lessack, Group President, Direct Operations, said. “The Austin and San Antonio markets are strong and growing, and with Tony’s understanding of the title industry, I expect him, and his highly-experienced team, to focus on innovation as Stewart remains a leader in the market. I would also like to thank retiring SDP Eddie Gammill for his 28 years of service and wish him all the best.”

Sandoval has been with Stewart for 20 years, starting as a controller in the North Texas Dallas-area Direct Operations where he worked closely with local leaders in the day-to-day operations. He moved to the Houston office in 2009 and has been in his current role as Senior Vice President of Finance & Accounting since 2011.

“Stewart Title has been a trusted name in South Texas for a long time, and I plan to continue with that tradition of delivering world-class customer service while growing our market share,” said Sandoval. “Stewart has delivered excellent results amid an uncertain economic climate, and I plan to build off this momentum and help Stewart in the south become the premier title services company.”
